

WIRELESS HEAT PUMP CONTROL

Is it possible to set your heat pump remotely?

Do you need to adjust the parameters of the thermal comfort of your home?

Is comfort, freedom and liberty important to you?

YES, IT CAN ALL BE IN YOUR POCKET NOW. . .

. . . you no longer need the control terminal installed in your room, just look at the display of your mobile device. . .

It's so easy: download the app for your iPhone or iPad and be online anywhere, anytime. . .
